LOOMIO

Loomio is an Open Source solution that offers a workspace for conversation, sharing information and opinions, making proposals, deciding actions and achieving outcomes.
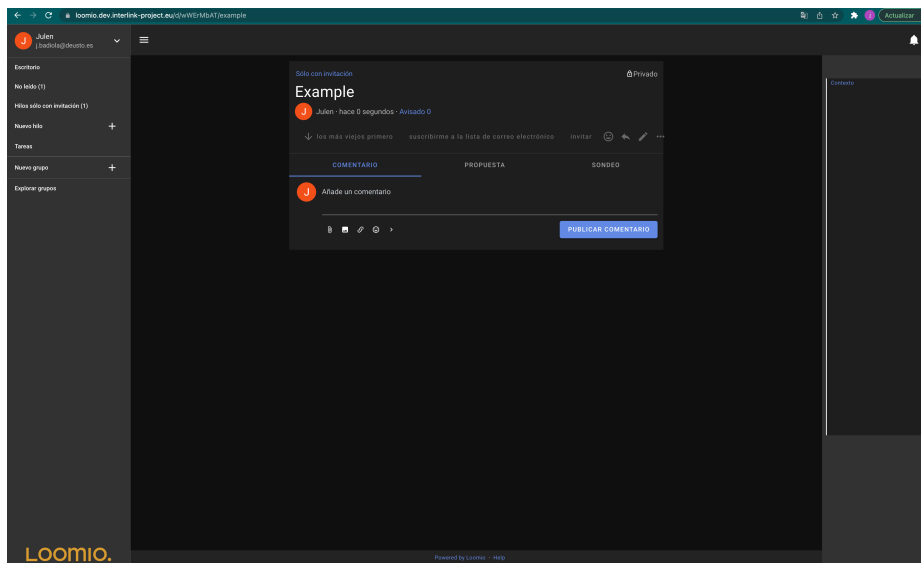

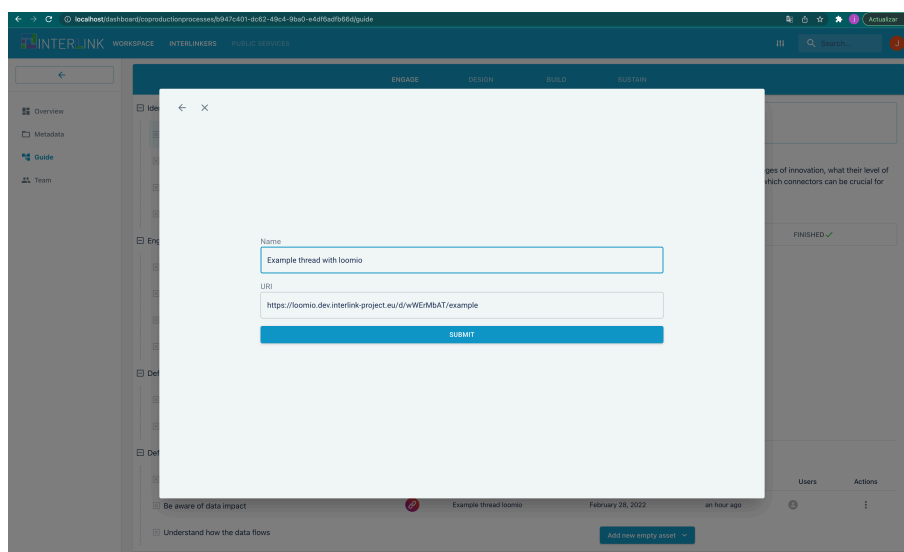

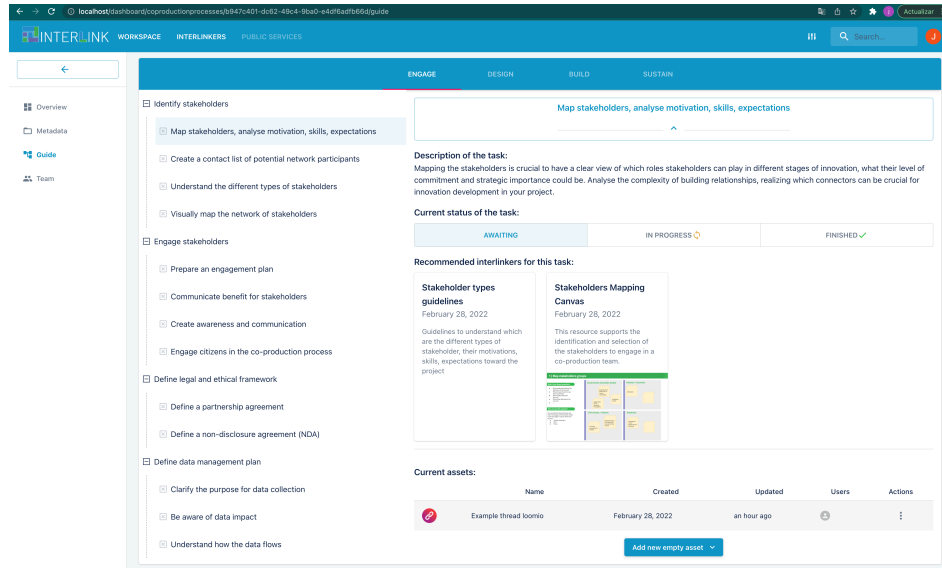

Date: 14/02/2022

Version:V1

How to attach a Loomio thread

1. Go to https://loomio.dev.interlink-project.eu/g/new and create a new group if not created yet.
2. Go to https://loomio.dev.interlink-project.eu/d/new and create a new thread for that group.

3. Copy the URL and click on "Add new empty asset" -> "External Resource Manager", set a name and paste the URL copied in the URI field.

Suggested Structure of a Loomio thread
